Code Interpretation Resource

Let's face it, the codes can be confusing! The CAFAA board & members are a wealth of knowledge and can help provide answers to technical questions related to occupancy or fire codes.

Meeting & Training Updates

Never miss a meeting! Get newsletter reminders about upcoming training classes & meetings in your area! Stay up to date on the latest code changes, industry news, and more!

Networking Opportunities

The best business is done outside of your office! Expand your network and build business relationships! Opportunities to meet other fire alarm professionals and mingle with GC's & local/state AHJ's.

Discounted Training Classes

Fire alarm related courses are conducted in Northern & Southern California.
Can't make a class? We have online classes too! Did you know attending meetings and training classes earn you CEU's?
